1. In connection with the reported offer by Peron to General Filomeno Velazco of the post of Minister of the Interior [REDACTED] it has now been reported that although Velazco personally desired that post, the proposal has been blocked by his enemies. The opponents of Velazco wish to see him given a diplomatic post outside the country.
2. Because of the influence still wielded by Velazco in the Federal Police, it is reported that President Peron may find it necessary to give Velazco such a post, in order to remove him from the country.
